

Danforth Assistantship Program

This year-round leadership program for teens provides experience in educational functions at the Danforth Art School and the Danforth Art Museum.

Danforth Assistants serve the art school by helping with overall program facilitation during Summer Arts, our highly popular summer program for children, as well as school vacation week workshops which take place year-round. Assisting at the school includes working directly with children, providing support for teachers, preparation of materials and studio spaces, organization of supplies, and various administrative tasks.

Danforth Assistants serve the museum by providing tours of the exhibitions to children during Summer Arts and providing support during public programming such as Drop Into Art and other events.

Placement in the Danforth Assistantship Program provides a modest stipend of \$200 upon successful participation in the program as outlined below. Danforth Assistants receive valuable mentorship in all areas of their supportive roles at both the art school and museum.

Danforth accepts applications from responsible, reliable, and energetic teens currently enrolled in or entering high school or college. Accepted assistants must:

- attend a training course taking place on Saturdays during the spring, which will provide the necessary training for summer programming and service in the museum
- commit to at least four weeks of service during Summer Arts in addition to at least four public events or workshops at the art school or art museum over the following year
- sign an agreement which outlines their understanding of expectations and their commitment to serve on the dates specified

Weeks of service in Summer Arts do not need to be consecutive, but they must be full weeks, with all full days from 8:15 A.M.-4:15 P.M. Public events take place on weekends.

In addition to a stipend, all Danforth Assistants will receive individualized mentorship, valuable leadership experience, work and school references upon request, and an exit letter outlining specific individual contributions to the Danforth.
